Short Bio:

Anthony L. Kelley is a beacon of transformation, rising from a challenging background to become a Rose Bowl champion, an educator, and a community leader. With a rich history spanning over 20 years, Anthony has dedicated himself to empowering others through education, service, and personal development. As the founder of Anthony Kelley Consulting, he leverages his vast experience to offer tailored solutions in DEIJ initiatives, personal growth, and professional excellence, inspiring individuals and organizations to revive, transform, and thrive.

Full Bio:

Anthony L. Kelley: Revive, Transform, Thrive

From the turbulent streets of Pasadena, California, Anthony L. Kelley embarked on a transformative journey that saw him evolve from a promising football athlete into a beacon of inspiration, education, and empowerment. His early years were marked by a potent blend of chaos and violence, a backdrop against which Anthony's spirit of resilience and determination began to take shape.

In 1998, Anthony seized the opportunity to rewrite his story, accepting a football scholarship at the University of Washington. His time at the university was a period of profound transformation, a crucible in which his commitment to education, integrity, and dignity was forged. While his athletic prowess led the university's football team to a Rose Bowl championship in 2000, it was Anthony's academic journey that truly defined his path. He not only earned a Bachelor of Arts and Sciences but also pursued a Masters in Education Leadership and Policy Studies, a testament to his unwavering dedication to personal growth and community service.

Anthony's passion for service transcended borders, taking him to countries like South Africa, Nepal, and Egypt, where he immersed himself in community service, working with local nonprofits and educational institutions. These experiences enriched his perspective, nurturing a deep-seated commitment to fostering spiritual, physical, and mental development in others.

Over a remarkable 20-year career, Anthony has donned many hats — a Director of Student Diversity & Outreach, an English teacher in Taiwan, a basketball coach, and a motivational speaker, touching lives and inspiring change through his multifaceted approach to personal and professional development.

Today, Anthony stands as the founder of Anthony Kelley Consulting, a platform that embodies his vision for a world where individuals and organizations can revive, transform, and thrive. Drawing from a rich tapestry of experiences and lessons garnered from his global travels, Anthony offers tailored coursework, workshops, and speaking engagements, all designed to foster personal growth, professional excellence, and the advancement of Diversity, Equity, Inclusion, and Justice (DEIJ) initiatives.

Beyond his consulting work, Anthony is a filmmaker, channeling his journey into powerful narratives that serve as tools for self-investigation and awareness. His films, "A Journey Through Conflict and Identity" and "A Film Epilogue - The Walk

Never Ends," resonate with his philosophy, offering viewers a pathway to self-discovery and holistic well-being.

Anthony L. Kelley is not just a professional with a rich history of service and leadership; he is a living testament to the transformative power of perseverance and self-belief. Through Anthony Kelley Consulting, he invites you to embark on a journey of self-discovery, to unlock your potential and to find the tools and inspiration to revive, transform, and thrive in every facet of your life.
